

IFA Supply Statistics and Reports

Raw Materials, Intermediates and Finished Products

IFASTAT

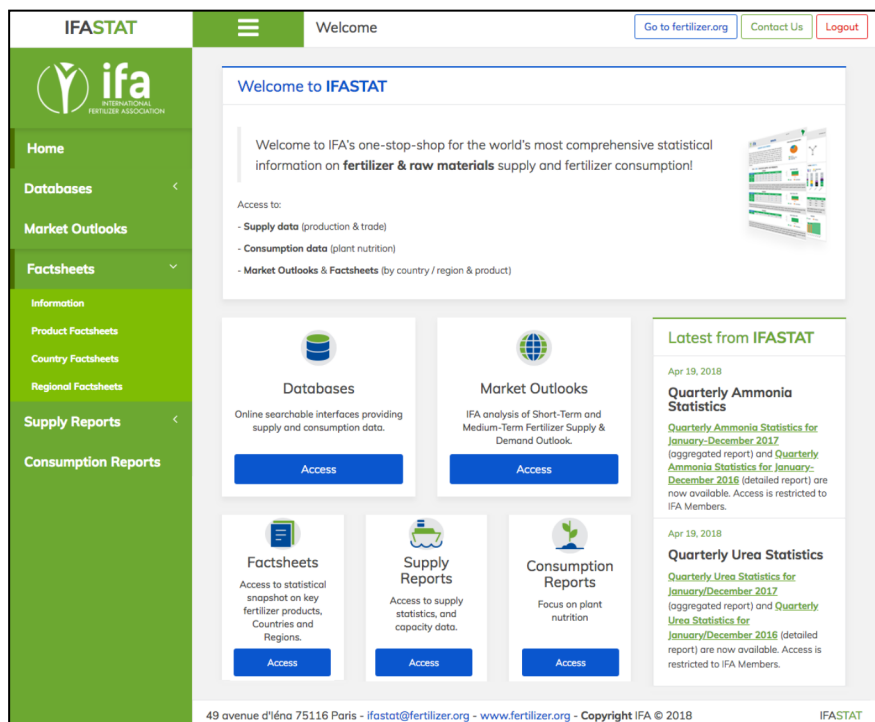

Launched in June 2018, **IFASTAT** is IFA portal dedicated to statistical information on fertilizer & raw materials supply and fertilizer consumption.

It is directly accessible through www.ifastat.org (using same login as main IFA website www.fertilizer.org).

Supply Database

(restricted to IFA members)

Online searchable interface providing access to production and trade detailed data from 2002 onwards by product and/or country with extracted results in Excel format.

Supply Reports

(restricted to IFA members)

Quarterly, half-yearly & annual statistical reports on production and trade for mainstream products available in nutrient and product tonne bases (Excel tables and pdf reports).

- **Ammonia Statistics**
quarterly and annual
- **Ammonium Nitrate and Calcium Ammonium Nitrate Statistics**
annual
- **Ammonium Sulphate Statistics**
annual
- **Urea Statistics**
quarterly and annual
- **Urea Ammonium Nitrate (UAN) Statistics**
annual summary
- **Phosphate Rock Statistics**
quarterly and annual
- **Processed Phosphates Statistics**
quarterly and annual, for phosphoric acid, mono- and di-ammonium phosphate, and triple superphosphate
- **Single Superphosphate Statistics**
annual
- **Potash Statistics**
half-year, preliminary annual and final annual

The quarterly, half-yearly and annual statistics can be received by email.

PIT Excel Statistics

Excel tables giving production, exports, imports by region (*public access*) or by country (*restricted to IFA members*) from 2005 to 2016 (calendar year), in nutrient and product tonne bases for nitrogen, phosphates and potash products.

Global Capacities Reports

(restricted to IFA members)

Summary capacity reports by product and by country (pdf reports).

- **Survey of Ammonia Capacities 2013-2022**
annual summary report 2018
- **Survey of Urea Capacities 2013-2022**
annual summary report 2018
- **Survey of Urea Ammonium Nitrate (UAN) Capacities 2011-2019**
summary report 2015
- **Survey of Ammonium Sulphate Capacities 2010-2019**
summary report 2014
- **Survey of Ammonium Nitrate and Derived Products Capacities 2013-2022**
summary report 2018
- **Survey of Processed Phosphates Capacities 2013-2022**
annual summary report on phosphoric acid, mono- and di-ammonium phosphate, and triple superphosphate 2018
- **Survey of Single Superphosphate Capacities 2008-2016**
summary report 2013
- **Survey of Potash Capacities 2013-2022**
annual summary report on potassium chloride, primary potassium sulphate and magnesium potassium sulphate 2018
- **Survey of NOP Capacities 2012-2021**
summary report 2018
- **Survey of SOP Capacities 2010-2019**
summary report 2015
- **Survey of NPK Compounds Capacities 2013-2014**
summary report 2017

The summary capacity reports can be received by email.

PIT Online Capacities

(public access)

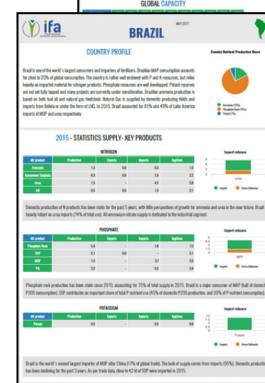

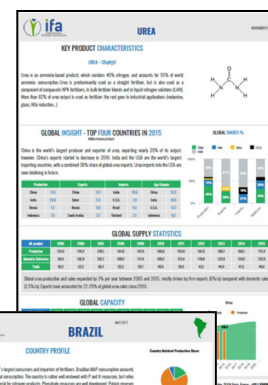

Regional capacity data for Nitrogen, Phosphate Rock, Processed Phosphates, Potash and NPK products from 2013 to 2022 available in Excel format.

Factsheets

(restricted to IFA members)

Factsheets offering brief analytical notes with synthetic information on fertilizer markets for a given product or country.

- **11 Product Factsheets**
 - ◆ Nitrogen products: Ammonia, Urea, Ammonium Sulphate, Ammonium Nitrate and Calcium Ammonium Nitrate,
 - ◆ Phosphates products: Phosphate Rock, DAP, TSP, Phosphoric Acid and MAP
 - ◆ Potassium products: MOP (Potash)
- **15 Country Factsheets:** Argentina, Australia, Bangladesh, Brazil, Canada, Egypt, France, India, Indonesia, Morocco, Pakistan, Russia, South Africa, Turkey and the USA

Fertilizer Supply Outlook Reports

- **Fertilizers and Raw Materials Global Supply: Medium-Term Outlook**
(annual report presented at the Annual Conference in May/June)
- **Global Fertilizer Supply and Trade: Short-Term Outlook**
(annual report presented at the IFA Strategic Forum in November/December)
- **Summaries of the IFA Secretariat Market Outlook Reports given at the Annual Conference / IFA Strategic Forum**

The reports (*restricted to IFA members*) and the summaries (*public access*) can be received by email or on request.

PIT Conference Proceedings

(*restricted to IFA members*)

- **2018 IFA Production & International Trade Conference**
Buenos Aires (Argentina), 6-8 March 2018
- **2017 IFA Production & International Trade Conference**
Paris (France), 22-24 February 2017

The proceedings are available online at www.fertilizer.org/En/Knowledge_Resources/Library

For further information on the statistical programme of the Committee, contact the Production & International Trade Service:

Michel Prud'homme
Senior Director
