

JOIN IFA: TOGETHER, WE HELP TO FEED THE WORLD SUSTAINABLY

EXPLORE IFA

CONTACT US

WHY BECOME A MEMBER?

Be part of a global network shaping the future of plant nutrition. IFA membership gives you:

Influence: Help set industry priorities and strategies.

Expert Access: Tap into deep knowledge across global markets, science, policy and sustainability.

Connections: Join committees and events to grow your network and your business.

DATA & INTELLIGENCE

IFASTAT is your go-to for global fertilizer data:

- 15+ years of supply, production & trade data
- 70 years of nutrient consumption insights
- Regular market analysis and outlooks
- Country profiles, nutrient efficiency stats, and more

CONFERENCES & EVENTS

IFA hosts top-tier global gatherings, including **conferences and events**:

- **Annual Conference** – Industry's flagship networking event
- **Cultivating Tomorrow** – Innovation meets sustainability
- Regional and thematic fora on markets, innovation, sustainability and more (Global Markets Conference, Crossroads Asia-Pacific Conference, Strategic Forum)

DRIVING SUSTAINABILITY

We provide:

- Production **certification, benchmarks** and **roadmaps**
- Safety, circular economy and decarbonization **initiatives**
- **Training** via the **Sustainable Fertilizer Academy**
- **Awards** recognizing excellence in safety, health and environment

INNOVATION HUB

Fueling R&D across the agri value chain with:

- **Cultivate Challenge** for startups
- **Startup database** and Innovation Conference
- Collaboration between companies, innovators, and researchers

GLOBAL ADVOCACY

We speak for plant nutrition on the world stage:

- Representing the sector at the UN and policy fora
- Publishing **briefs** on food security and various areas of sustainability
- Hosting expert **webinars, podcasts**, and thought leadership events

SCIENCE IN ACTION

IFA backs science-based solutions through its activities in:

- **Scientific Panel on Responsible Plant Nutrition**
- Africa-focused research on nutrient gaps
- **Consortium for Precision Crop Nutrition**: 30+ groups advancing data-driven agriculture

WHO WE ARE

Founded in 1927, IFA is the only global fertilizer association, with 500+ members in 80 countries. We unite producers, traders, agtech startups, not for profit organizations, and more—all working for sustainable, efficient plant nutrition.

OUR 2030 STRATEGY - IFA'S APPROACH

Outreach-driven. Data-powered. Sustainability-focused.

Communication and collaboration are integral to how we operate. Quality data and market analysis are of utmost importance. Clear and tangible commitments to industry stewardship, aligned with sustainability principles and practices, drive strategy.

JOIN IFA – MEMBERSHIP TYPES

Open to all organizations in plant nutrition:

- **Ordinary:** Producers & traders with fixed assets
- **Associate:** Distributors and traders, service providers, agtech
- **Affiliate:** Non-profit organizations
- **Correspondent:** Retired senior executives of any entity member of IFA
