AGROTICS

PROBLEM

THE ISSUE IS NOT THE ABSENCE OF TOOLS OR DATA, BUT THE NEED FOR A PLATFORM THAT INTEGRATES AND INTERPRETS THEM EFFECTIVELY.

73%

of Farmers use some sort of Agtech tools using their smartphones.

57%

of the time is spent collecting and analyzing data from multiple sources
--> 3+hrs lost time per day

INDUSTRY & TIME LOSS

\$40+B

lost value/productivity due to poor data-use

AgTech was meant to simplify farming. But farmers juggle 3+ apps just to make one decision. This isn't innovation —it's fragmentation. Not from drought, but from disconnected tools.

AGROTICS

SOLUTION

AI FUELED INTEGRATED FARMING PLATFORM

ONE

AI-powered platform brings everything you need together, instantly. Every farm has its own AI.

AI BASED DECISION MAKING

Scattered data kills focus and time leading to inefficient decisions. One AI-powered platform brings everything you need together, instantly.

INTEGRATED PLATFORM

\$40 billion lost — not because farmers don't work hard, but because their tools don't work together.

AGROTICS

THE FOUNDING TEAM

OUR TEAM COMES FROM DIVERSE REGIONS SPANNING US AND EUROPE GIVING US GLOBAL REACH AND GROWTH MINDSET FROM DAY ONE.

MEHMET COKA
Founder-CEO

Farmer-turned entrepreneur with 15+ years in AgTech and 25+ years in business.

Founder of Agrotics, an AI-powered farm OS born in the field and backed by top Silicon Valley accelerators.

DAVID DOLL
Co-Founder-CSO

Globally recognized expert in nut crops with 15+ years in orchard science and plant health.

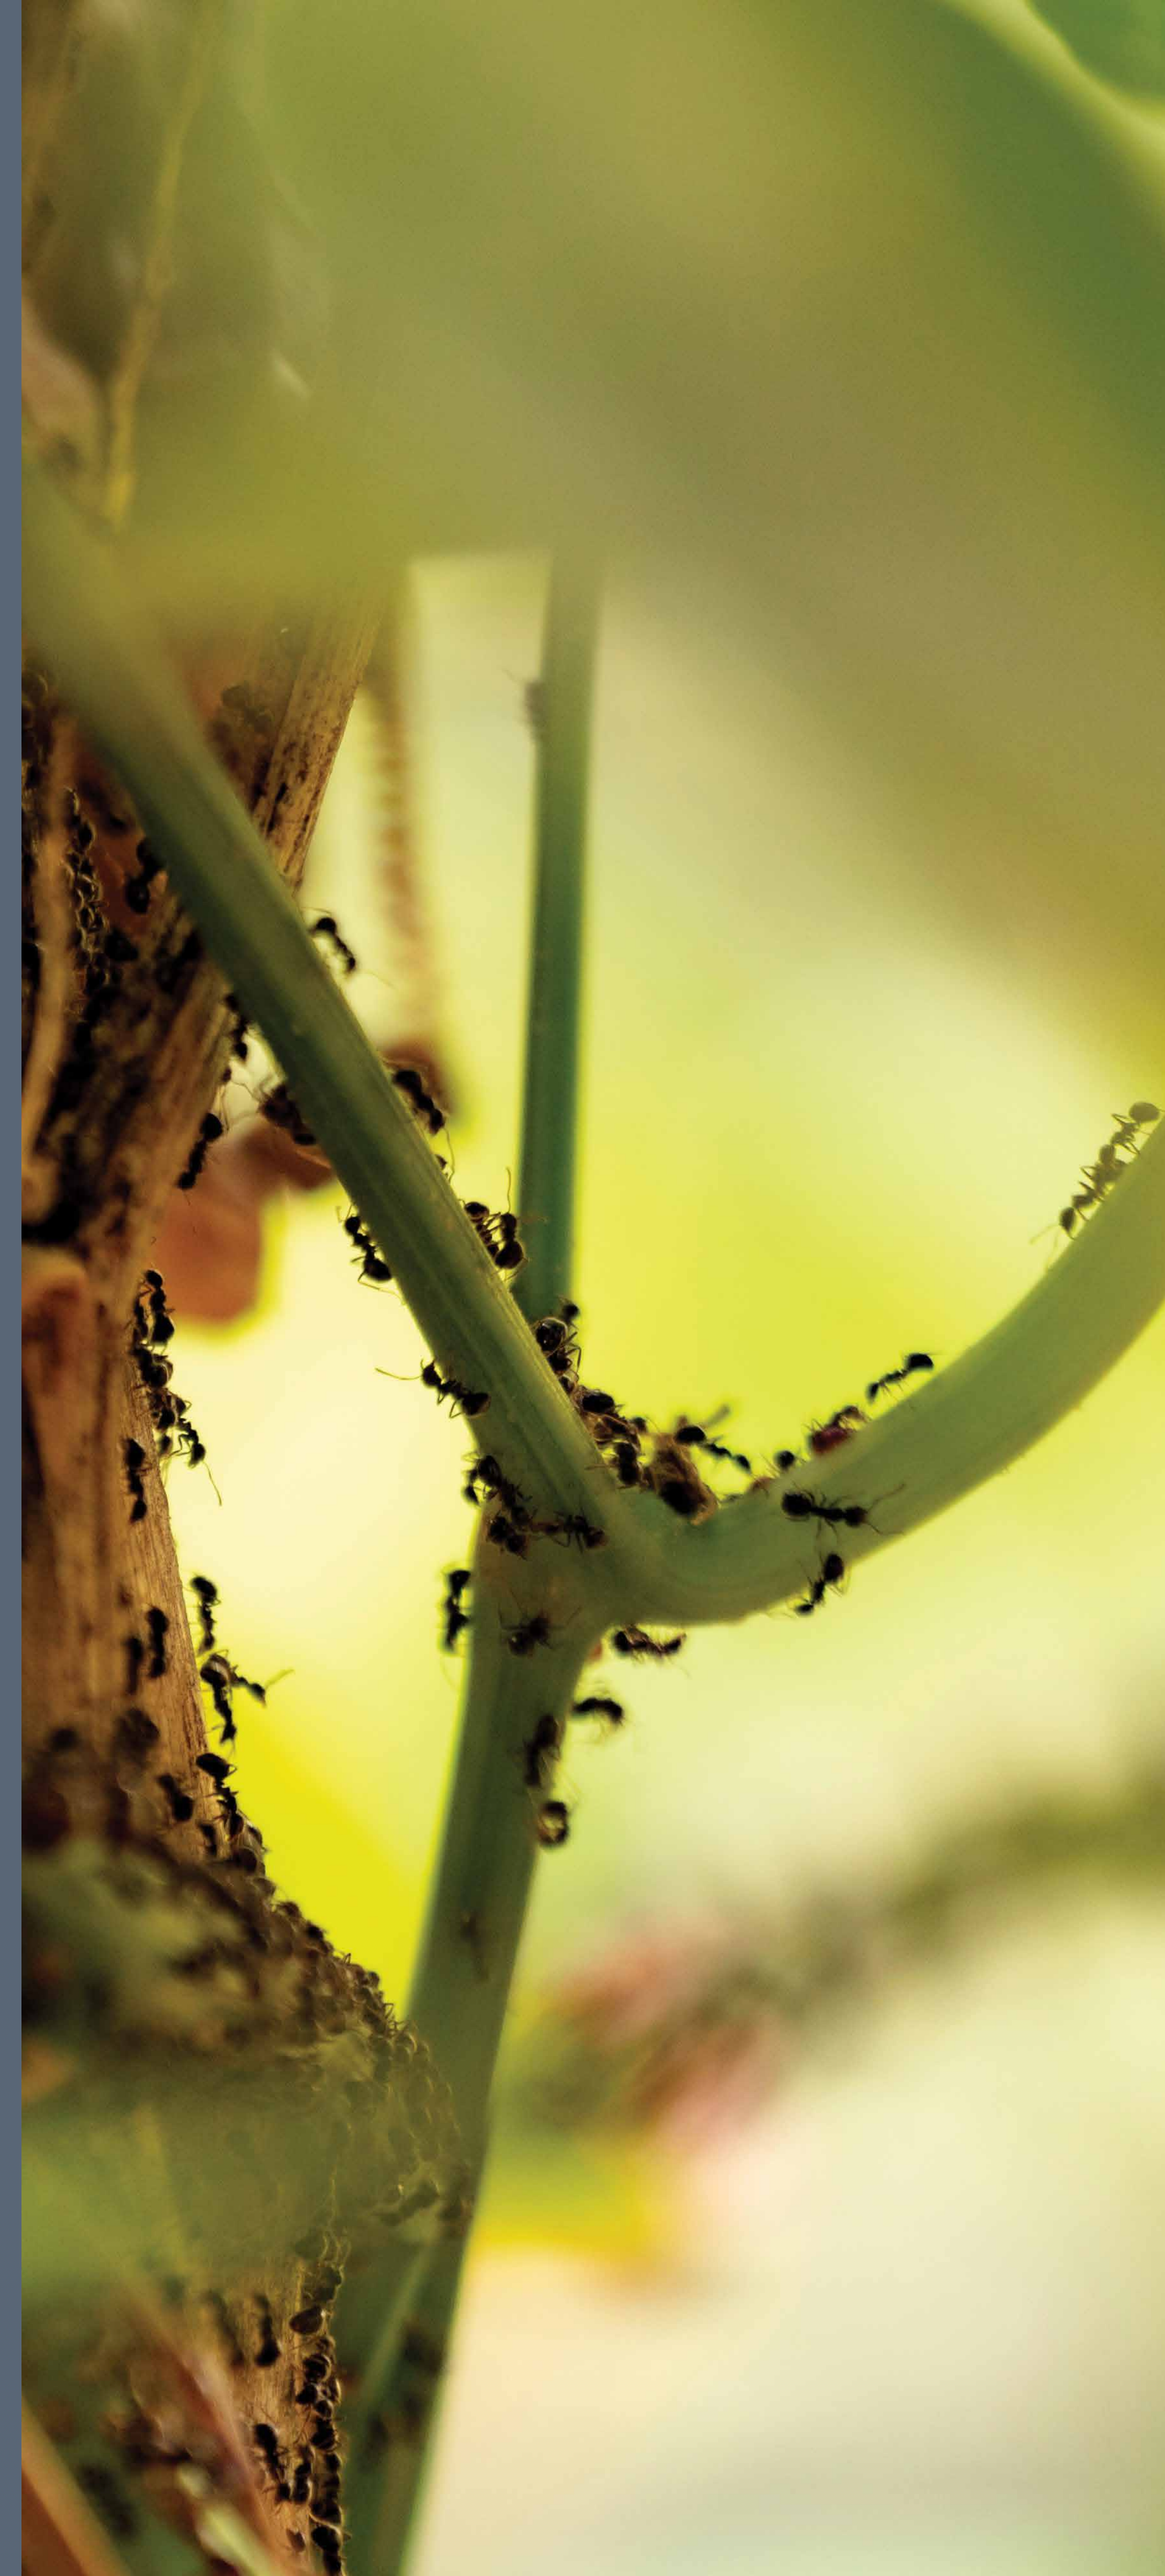

Former UC Advisor in California and founder of The Almond Doctor, a top platform for global orchard insights.

GÜVEN AKÇOBAN
Co-Founder-CTO

Senior full-stack developer and AgTech systems expert with 10+ years of experience in AI, IoT, and scalable infrastructure.

Architect behind Agrotics* modular, cloud-native platform-built for real-time, on-farm decision-making at global scale

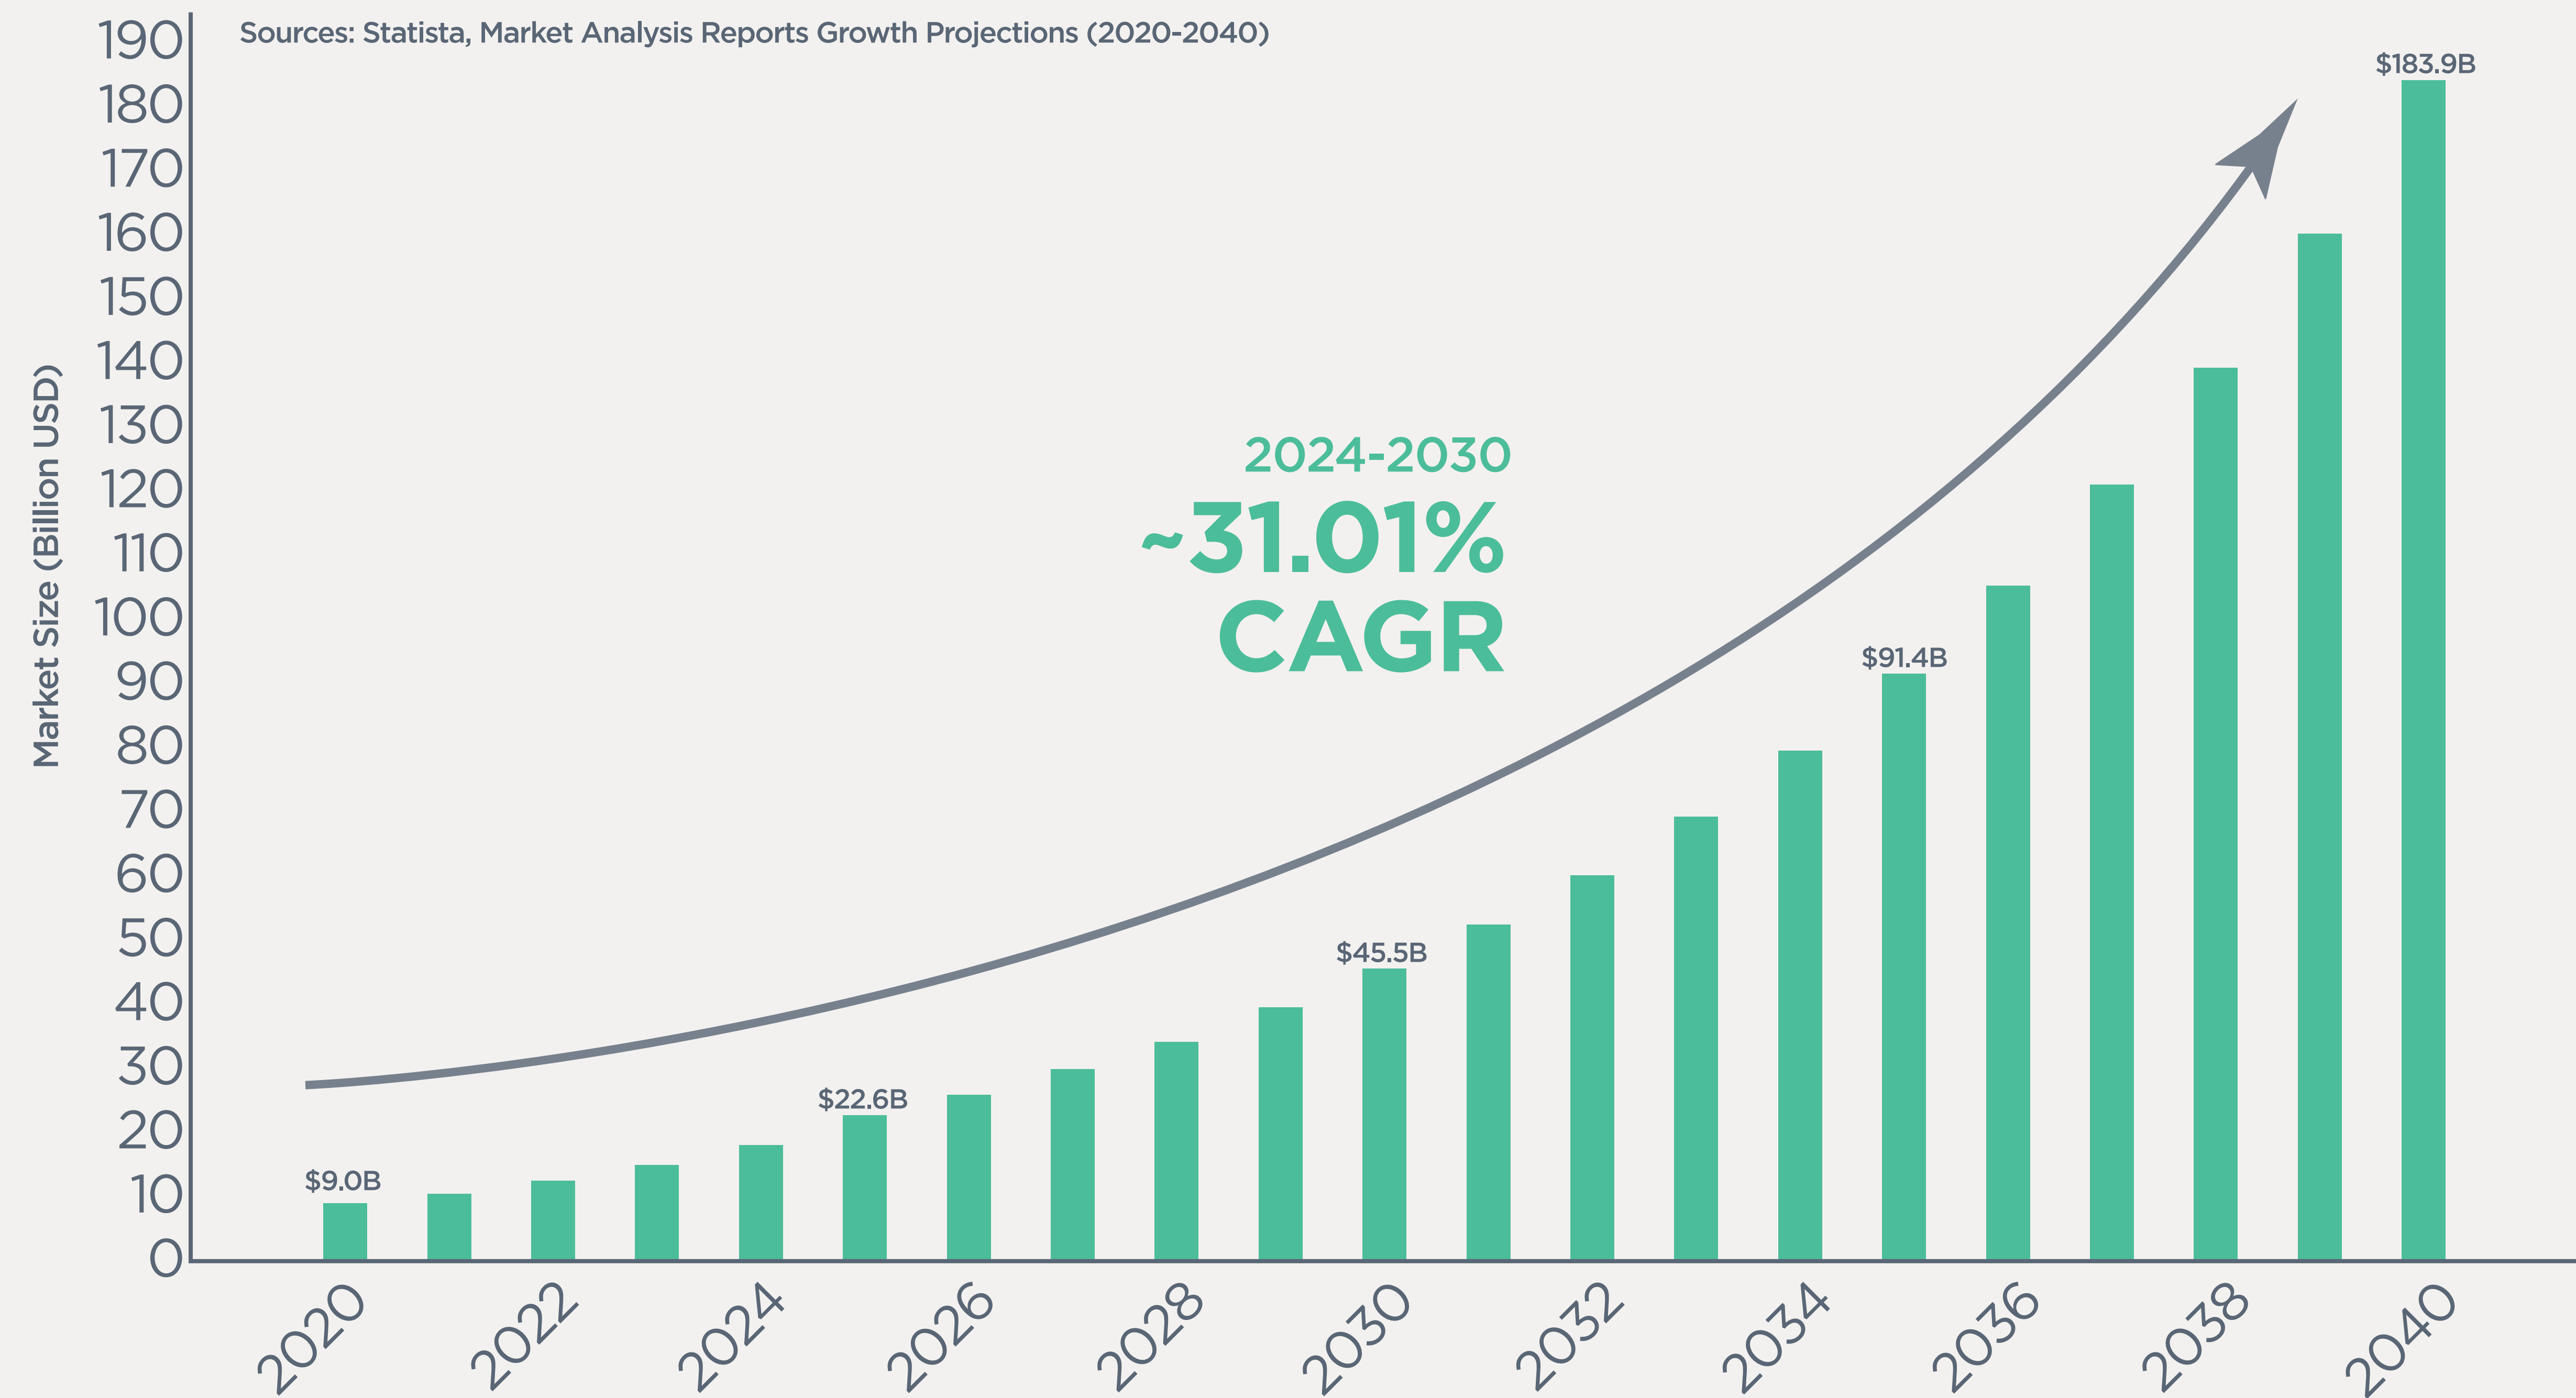

AGROTICS

MARKET

AGTECH MARKET SIZE

AgTech Market Size projection (2020-2040)

\$183.9B TAM

NORTH AMERICA

TAM: \$64.36B

SAM: \$16.09B

High-value crops, large farm sizes, early tech adopters.

EUROPE

TAM: \$45.98B

SAM: \$11.49B

Sustainability-driven policies and precision farming growth.

SOUTH AMERICA

TAM: \$18.39B

SAM: \$4.60B

Rapid digitalization in export-oriented agriculture.

AGROTICS

PRODUCT

AGROTICS CONNECTS ALL SYSTEMS AND DATA INTO ONE UNIFIED PLATFORM.

AGROTICS

MOAT What makes Agrotics unique?

A DEEP, PROTECTIVE BARRIER THAT SURROUNDS A STRONGHOLD -
A LASTING COMPETITIVE ADVANTAGE.

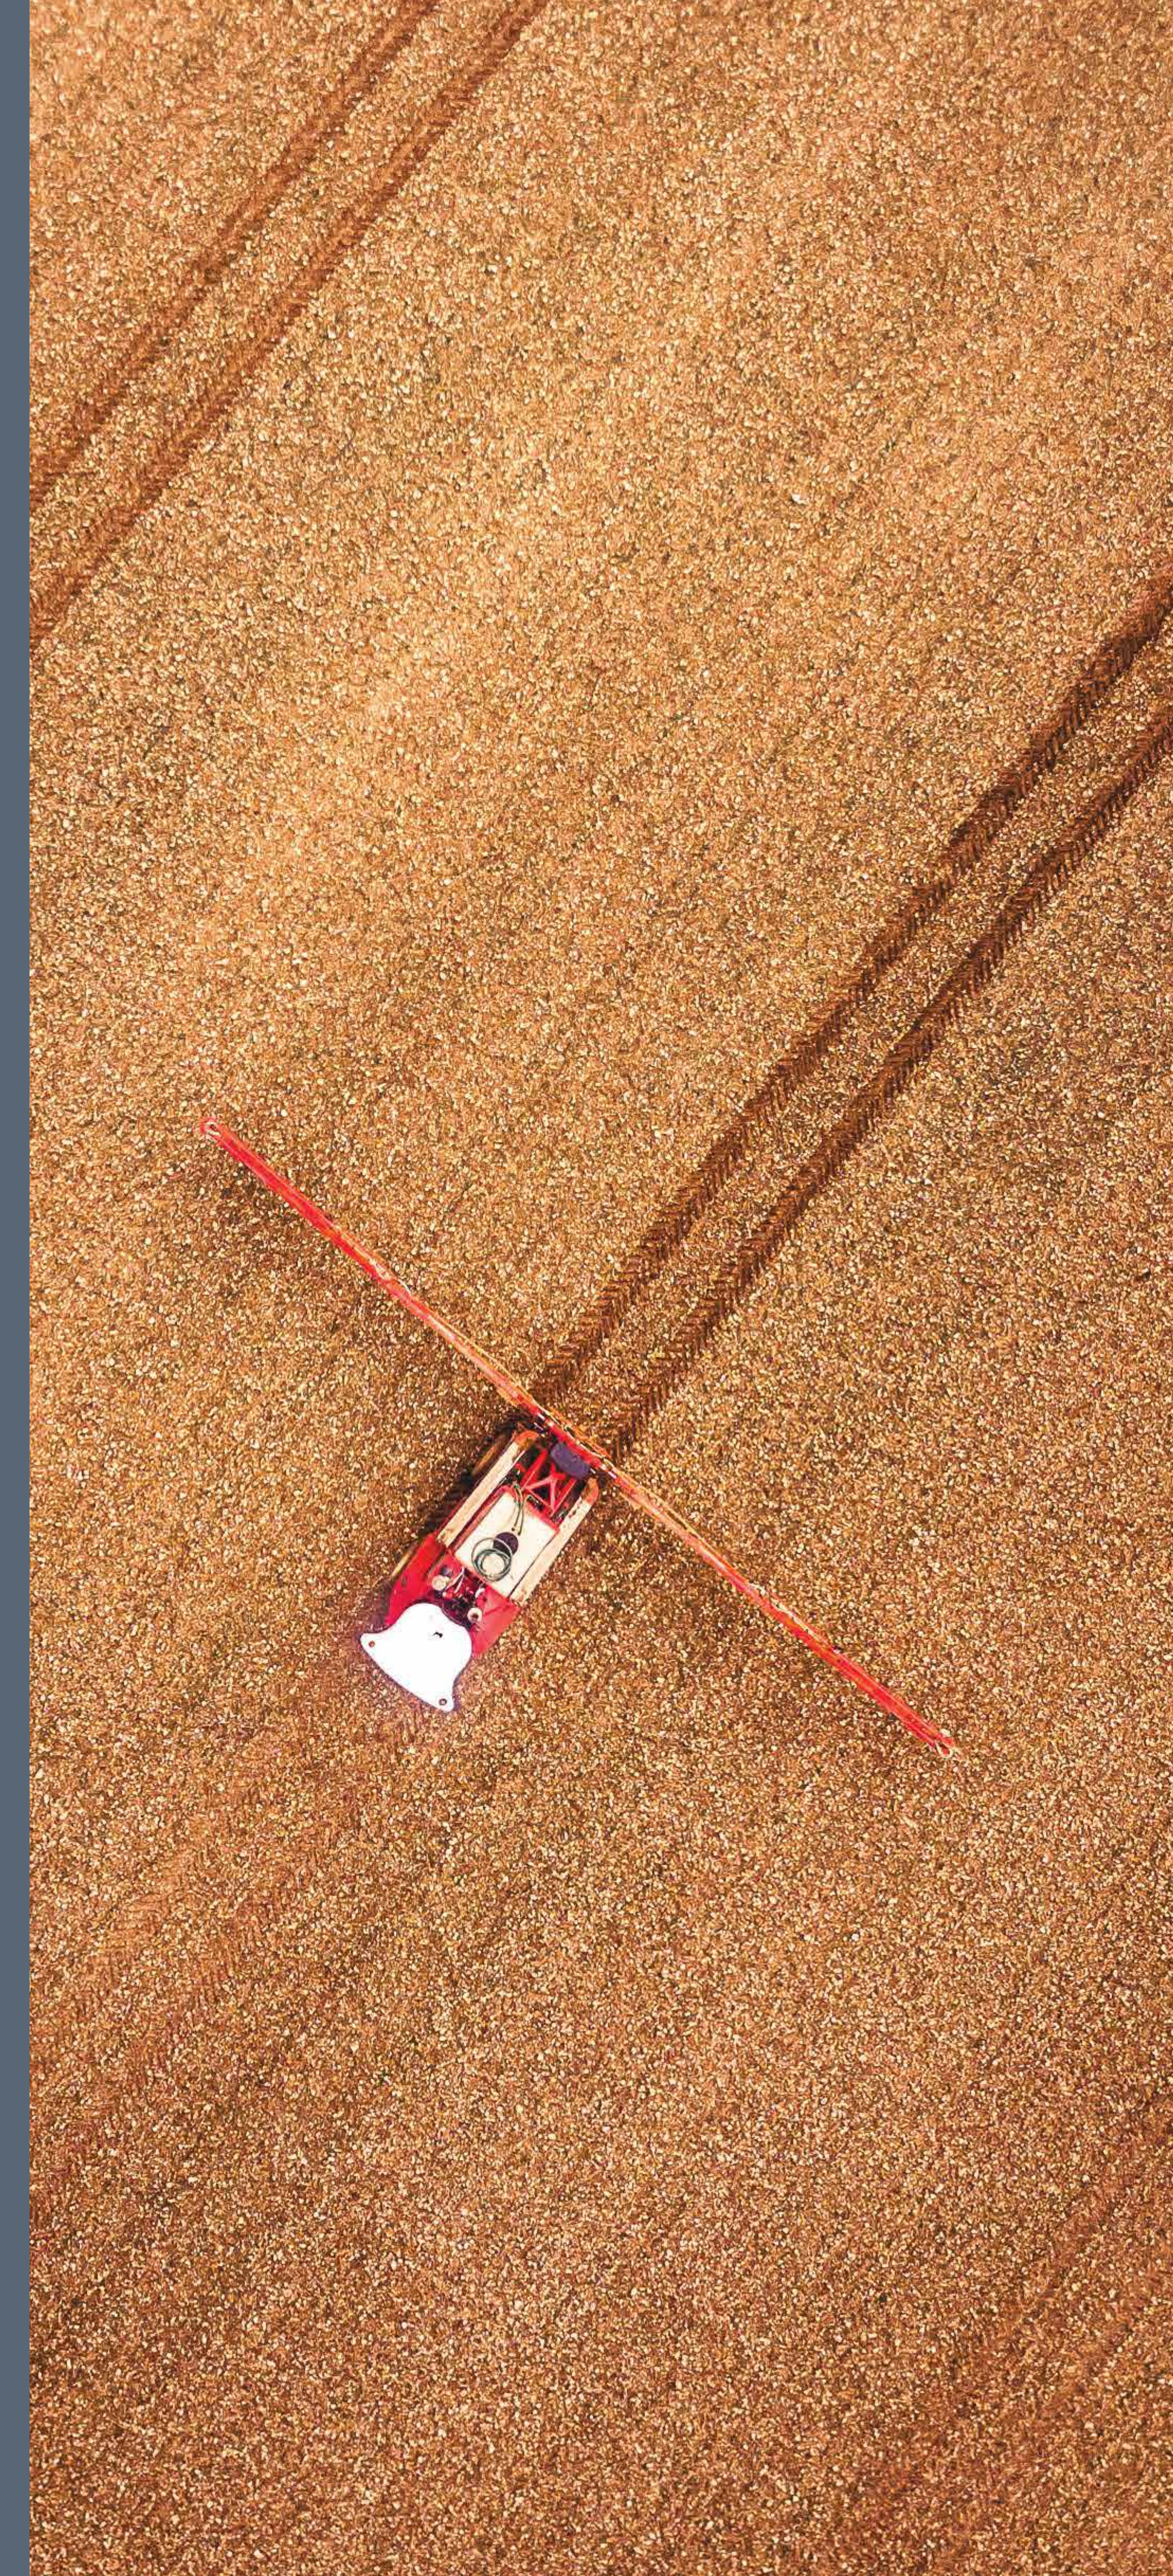

EACH ORCHARD BUILDS ITS OWN AI

Constantly learning, adapting, and improving.

Thousands of models. One platform.

The bigger our network, the smarter every
farm becomes.

Try copying that...

AGROTICS

FARMING OPERATING PLATFORM - AGTECH REINVENTED.

Join us and be a part of our story to contribute to protect our planet,
Mitigate the effects of climate change, and support agriculture production
